MONEY TO LOAN.

THE GROWING DEMAND FOR DEfirable residence property is causing real
estate prices to advance accordingly. If
you are renting the house you are living
in, isn't there a growing demand in your
mind for a home of your own? Do you
think you will gain anything in location
or price of material and workmanship by
waiting longer? Perhaps you haven't the
money to build a home new. We have a
large surplus on hand and would rather
loan it to home-getters than to anyone
else. Begin to consider your plans right
away. Let us finance the preposition and
you will be in a new house before another
winter; and it will be your own house in
no time at all, for we will agree to look
entirely to what the rent would be for our
payments. Open Monday evenings.
